

A photograph of a swimmer wearing a blue cap and goggles, swimming in a pool with water splashing around their head.

Custom-Made Swim Plugs

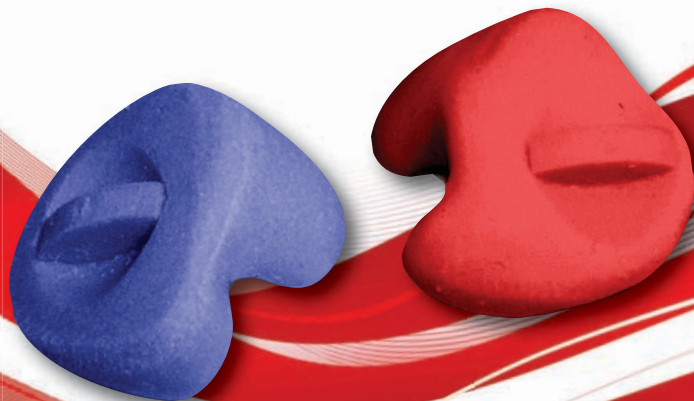

Using medical grade silicone materials, custom moulded Swim Plugs offer excellent water protection for your ears while swimming.

Manufactured in a variety of colours to the exact shape of the ear from a strong and durable silicone material which floats in water.

All Swim Plugs come with convenient recessed handles and removable cords are also an option.

Swim Plugs can be ordered in a wide variety of bright colours, making them easy to find if they are dropped.
